Single Family Mortgage Bonds**

**Standby Bond Purchase Agreement Solicitation**

The Iowa Finance Authority (the “Authority”) is seeking indications of interest from qualified entities to provide a Standby Bond Purchase Agreement or similar facility (the “Liquidity Facility”) , which will offer liquidity support for the purchase of the Authority’s variable rate bonds (“VRDOs”). The Authority plans to issue new variable or floating rate Single Family Mortgage Bonds, potentially in one or more debt issuances, between now and December 31, 2020.

The VRDOs, together with the outstanding bonds and newly issued bonds comprising each issue of Single Family debt (collectively, the “Series Bonds”), are and will be expected to be rated “AAA” and “Aaa” by S&P Global Ratings and Moody’s, respectively. The Authority makes no commitment to use a liquidity facility provider for the issuance of new VRDOs which may or may not occur. The following are the proposed terms and conditions:

**Facility:** The Authority is seeking up to \$60 million of total commitment for new issuance of VRDOs during Calendar Year 2020. *Please note that the Authority may choose to use less liquidity support than \$60 million. The Authority anticipates pricing and closing our next Single Family transaction prior to June 30, 2020, with expected subsequent transaction closing during the 2<sup>nd</sup> half of 2020. Please include appropriate fee information in your response if your bank’s fee offering differs based on the amount of liquidity used.*

**Facility**

**Amount:** Up to \$60 million in principal plus days’ interest

**Security:** The Series Bonds are on parity with other Bonds under the Authority’s Single Family Mortgage Bond Resolution adopted by the Authority on July 10, 1991, as amended (the “Resolution”) and are general obligations of the Authority, payable out of any of the available moneys, assets or revenues of the Authority, subject to any agreements heretofore and hereafter made with holders of particular notes or bonds pledging particular moneys, assets or revenues for the payment thereof or State or federal laws and regulations designating or appropriating particular funds for a special purpose, and are secured by a pledge of the Mortgage-Backed Securities and certain other moneys, assets and revenues pledged to payment of the Bonds, including the Series Bonds, under such Resolution.

The Authority has an Issuer Credit Rating from S&P Global Ratings of AA+ and a general obligation rating from Moody’s of Aa2. The Series Bonds shall not constitute an obligation of the State and the State shall not be liable thereon, nor shall the faith, revenues, credit, general funds or taxing power of the State be pledged to the payment of the principal of or interest on the Series Bonds. The Authority has no taxing power. To view the Authority’s fiscal year 2019 financial statements, visit the Authority’s website at <http://www.iowafinance.com>.
