Freddie Mac HFA Advantage® Mortgage: New Enhancements

Freddie Mac recently announced new enhancements to the Freddie Mac HFA Advantage[®] mortgage. With rising interest rates and the lack of affordable housing inventory, HFA Advantage, coupled with DPA funds, are the perfect combination to help your borrowers achieve their homeownership goals. Available now, the new enhancements include:

- Expanded credit risk assessments within Loan Product Advisor[®] (LPASM) to allow more very low-, low- and moderate-income borrowers to qualify for mortgages.
- The ability to offer the HFA Advantage mortgage—or re-evaluate existing loans—to more borrowers due to recently updated AMI values issued by the Federal Housing Finance Agency (FHFA).
