New Feature Coming To IFA Lender Listing

We are adding a new feature to our lender listing and would like your feedback!

This new feature will identify those lenders who are fluent in languages other than English in order to best serve all Iowa homebuyers.

Select Your Languages

Our lender listing connects our lender partners directly with homebuyers! IFA's Lender Listing allows each approved loan originator actively originating IFA loans to have their own profile, complete with a head shot, direct contact information and bank information.

The IFA lender listing is the only way that your lending institution will be listed on the Iowa Finance Authority website!

If you do not have a profile created and you actively originate IFA loans, please send your name, email and other information to **Elizabeth Christenson**, who can assist you in creating a profile.

Please note: The IFA lender listing is a *separate system* from lender online, if you visit the IFA lender listing and do not see a profile appear for your name, you don't have a profile.
