The Iowa Finance Authority released proposed application items on May 21, 2019, for stakeholder review and comment. The deadline for written comments is Friday, May 31, 2019. Competition Overview

Combined ESG and SAF Application

This is a combined competition for the ESG and SAF programs. Some agencies may be awarded funds through just one program, and some agencies may be awarded funds through both programs. This will be in order to balance the total available funds through both programs, and in most cases, it will not impact the total amount awarded to any particular agency. Agencies are assumed to be applying for funds through either program, according to the types of services listed below that are eligible through each program. The Iowa Finance Authority will make the determination as to which agencies are awarded funds through which program(s), according to scoring, type of funding sought, and other factors. Alternatively, an agency may choose to take itself out of consideration for one or the other program. Agencies choosing this must explain this in the Budget section of the application.

Combined 2020 and 2021 Calendar Years

This competition will cover both the 2020 and 2021 calendar years, contingent on available funding and some additional considerations. The process of awarding funding for 2020 will be similar to recent years. Additional funding for 2021 will be awarded mostly on a proportional basis; for example, an agency that was awarded 2.5% of total available funds in 2020 may be eligible for approximately 2.5% of total available funding in 2021. The final eligible total for 2021 may vary depending on the following characteristics, or other adjustments made by the Iowa Finance Authority: the agency continuing to meet certain requirements, the number of other agencies that are also meeting certain requirements, and the possibility of new project awards for applicants that did not receive an award in 2020. As a new approach, the multi-year award process is subject to revision at any time as deemed necessary by the Iowa Finance Authority.

Eligible Activities: ESG

ESG funds may support the following activities:

1. Street Outreach

Funds in this category may be used to provide essential services necessary to reach out to unsheltered homeless persons in Iowa. Services may include connecting persons with emergency shelter, housing, or critical services. Eligible families and individuals must qualify under Category 1 of HUD's definition of homelessness. Eligible costs include engagement, case management, emergency health services, emergency mental health services, transportation, and services for special populations.

For full details of eligible activities, applicants should refer to HUD's ESG regulations at 24 CFR part 576.101.

2. Shelter

Funds in this category may be used to provide essential services to homeless families and individuals in emergency shelters in Iowa, as well as to operate emergency shelters in Iowa. Eligible families and individuals must qualify under Categories 1, 2, 3, or 4 of HUD's definition of homelessness.

Where no appropriate emergency shelter is available for a homeless family or individual, eligible activities may include assisting with a hotel or motel voucher.

The Shelter category may include transitional shelter/housing programs--ONLY if such programs received federal FY 2010 Emergency Shelter Grant funds (in Iowa, these funds were awarded for the July 1, 2010 - December 31, 2010 grant period).

For full details of eligible activities, applicants should refer to HUD's ESG regulations at 24 CFR part 576.102.

3. Homelessness Prevention

Assistance in this category may be provided to individuals or families that qualify under Categories 2, 3, or 4 of HUD's definition of homelessness, or under HUD's definition of At Risk of Homelessness. Homelessness Prevention is currently the lowest federal priority for assistance in the ESG program.

Homelessness Prevention: Rental Assistance. Eligible activities include short- or medium-term rental assistance or rental arrears.

Homelessness Prevention: Other Financial Assistance. Assistance may include rental application fees, security deposits, last month's rent, utility deposits, utility payments, and moving costs.

Currently, the approved HMIS system is ServicePoint HMIS and the approved DV system is ServicePoint DVIMS. Both are operated by the Institute for Community Alliances.

Applicants will not include Data Collection and Reporting as part of their budget request in this application. Instead, they may choose to include this item in a later revised budget submitted after award.

6. Administration

A subrecipient may use up to 2% of an ESG grant for general management, oversight, and coordination of ESG activities. This does not include staff and overhead costs directly related to carrying out activities eligible in other cost categories, because those costs are eligible as part of those activities.

Applicants will not include Administration as part of their budget request in this application.

Instead, they may choose to include this item in a later revised budget submitted after award.

Currently, the approved HMIS system is ServicePoint HMIS and the approved DV system is ServicePoint DVIMS. Both are operated by the Institute for Community Alliances.

Applicants will not include Data Collection and Reporting as part of their budget request in this application. Instead, they may choose to include this item in a later revised budget submitted after award.

Total: 100 total points possible

Application Deficiency Review Period

An application deficiency review period will take place following the final application deadline. The Iowa Finance Authority will first review all applications for curable technical deficiencies such as missing required documentation. If there are curable deficiencies, IFA will notify agencies using the contact information in the application. Agencies will be allowed one week to correct deficiencies.

Application Directions

Most questions are required. If a question does not pertain to your particular program, enter Not Applicable.

Section Navigation: Navigate through the application using the links for sections on the left. Once all REQUIRED questions in a section have been completed, the section icon will turn from a red "x" to a green "check". Note that a green "check" does not verify that questions have been answered fully or correctly, and it does not reflect whether OPTIONAL questions have been completed; applicants are responsible for verifying that all information is complete and correct.

Printing and Saving: You may use the icons toward the top of your application screen to "Print," "Save," and "Save and Exit." You may also wish to save your narrative answers first in a Word document, and then copy and paste to the application when ready. This will avoid the possibility of being "timed-out" of the system.

Linking Additional Users to One Application: You may link a second user to your application. The second user must first create their own account in the system. Then the first user may log in, click on "View" in the header, select "MyIFA Account", then at the bottom of the screen, click on "Add New Authorized User," then enter the new user's username. Both users should now be able to access and work on the same application.

Multiple Projects; One Agency: Only one application will be accepted per agency. If your agency is

submitting a request for funding for more than one project, the application responses should include information for each project. Since each question includes only one response field, your response should clearly identify which parts apply to which project.

Submitting: Before the system will allow an application to be submitted, every icon must show a green "check" at left. Any missing responses to required questions will result in remaining red "x's". Any required questions that are missing a response may be identified by clicking the link at the bottom left for the "Error Log." Note that the system doesn't validate answers; it only verifies that each question contains a response. Once submitted, the application may be viewed, but no further edits will be allowed.

Application and Program Questions

Email judy.hartman@iowafinance.com or amber.lewis@iowafinance.com with questions about the ESG or SAF programs or this application. For a response before the application deadline, final questions should be submitted at least 72 hours in advance of the application deadline.

Questions on the federal ESG program (not on this particular application) may also be submitted by agencies directly to HUD through the HUD Help Desk at the link below.

[Link to the HUD Help Desk and FAQs at www.onecpd.info.](http://www.onecpd.info)

Application Deadline Reminder: XXXXXXXX, 2019, 4:30 p.m.!

The application deadline is XXXXXXXX, 2019 at 4:30 p.m. The system will not allow submissions past this time. To avoid technical delays, do not wait until the last day to submit your application. Note that the system is often slower on the day or two before the deadline, due to more users in the system at one time.

Budget and Grants Management

Budget and Grants Management: 25 points

Instructions:

There are four eligible categories of assistance: Shelter, Rapid Rehousing, Homelessness Prevention, and Street Outreach. Shelter may be funded by either ESG or SAF; funding in other categories is limited to ESG. In the following tables, first determine your maximum eligible application amount for each category you are applying for. Then enter your actual request. The actual request for each category must not exceed the maximum eligible.

If awarded funding through ESG and/or SAF, agencies may use up to 5% of the total award for Data Collection and Reporting. If awarded funding through ESG, agencies may use up to 2% of the total award for Administration. Agencies choosing to use funds for these categories will include these items in a revised budget submitted after award.

The total request for all categories combined must be between \$20,000 and \$200,000. This is for the initial 2020 year. Subject to certain conditions, additional funding may be awarded for the 2021 year, based on the same eligible and requested amounts in this application.

1. OPTIONAL QUESTION. Funding Request: Agencies are assumed to be applying for EITHER ESG or SAF funding, according to the types of assistance requested. If your agency is interested ONLY in ESG or ONLY in SAF, explain this here. Note that, depending on total requests received, limiting your request in this way may decrease the likelihood of an award or the likely amount of funding through either category.

2a. Shelter: Maximum eligible request. Count ONLY those beds dedicated to persons that qualify under HUD's definition of homeless, and that are/will be designated as following all applicable program requirements. If the agency offers both Emergency Shelter (ES) and Transitional Housing (TH), and the TH qualifies as "grandfathered in" for funding (see Applicant Profile section for more info), then both programs may be included in the following calculations. If the sum of both ES and TH eligible amounts is less than \$20,000, round up to \$20,000 for the total that may be requested for Shelter.

Action	ES or TH	Number of total bed nights projected to be available in 2020 (for year-round beds, this is the number of total beds x 365)	Number of shelter bed nights provided in 2018 (leave blank if new)	Multiply the lowest bed night calculation by 3 for a TH program = Eligible Amount	Multiply the lowest bed night calculation by 6 for an ES program = Eligible Amount	Alternate for Shelter food providers for SAF only: \$30,000 Eligible Amount
	ES	18,250	15,000		\$90,000	
	TH	3,650	3,000	\$9,000		

2b. Rapid Rehousing: Maximum eligible request. Note that only participants qualifying under Category 1 of HUD's homeless definition (literally homeless) are eligible to be served through RRH.

Action	Coordinated Services Region or CoC Served	Population served	Eligible Amount = up to \$150,000 if serving General Population; otherwise Eligible Amount = up to \$75,000

Example CSR or CoC	General population--families with children and/or individuals	\$150,000
--------------------	---	-----------

2c. Homelessness Prevention: Maximum eligible request

Action	Coordinated Services Region or CoC Served	Population served	Eligible Amount = up to \$50,000 if serving General Population; otherwise Eligible Amount = up to \$25,000
	Example CSR or CoC	General population--families with children and/or individuals	\$50,000

2d. Street Outreach: Maximum eligible request

Action	Coordinated Services Region or CoC Served	Population served	Eligible Amount = up to \$50,000 if serving General Population; otherwise Eligible Amount = up to \$25,000
	Example CSR or CoC	General population--families with children and/or individuals	\$50,000

3. Actual Request. Enter your budget request in the table below. Ensure that no category subtotal exceeds the eligible amount as calculated above, and that all items follow eligible program rules. The total request must be at least \$20,000 and no more than \$200,000. Provide enough detail in the "Description" boxes to explain each item. Note that if awarded ESG funds, the agency will be required to provide documentation of a 75% match. (10 points)*

Action	Activity	Activity Subcategory	Description	Amount of Request
	Shelter	Shelter: Operations	Example description	\$50,000
	Shelter	Shelter: Essential Services	Example description	\$49,000
	Rapid Rehousing (ESG only)	Rapid Rehousing: Rental Assistance	Example description	\$30,000
	Rapid Rehousing (ESG only)	Rapid Rehousing: Other Financial Assistance	Example description	\$20,000
	Rapid Rehousing (ESG only)	Rapid Rehousing: Housing Relocation & Stabilization	Example description	\$10,000
	Homelessness Prevention (ESG only)	Homelessness Prevention: Rental Assistance	Example description	\$10,000
	Homelessness Prevention (ESG only)	Homelessness Prevention: Other Financial Assistance	Example description	\$5,000
	Homelessness Prevention (ESG only)	Homelessness Prevention: Housing Relocation & Stabilization	Example description	\$5,000
	Street Outreach (ESG only)	Street Outreach	Example description	\$21,000
				\$200,000

4. Draw Request History: In the following table, describe your agency's record of submitting ESG and/or SAF draw requests. (7 points)*
