Thank you!

Thank you for your interest in the Iowa Council on Homelessness! The Council is a 38-member governor-appointed planning and advisory board, first codified in 2008. As a volunteer-driven board, it relies on the active participation of committed members to fulfill its duties.

Continuum of Care

Federal laws and regulations govern how states and communities must plan and coordinate homeless assistance programs and resources. These include the 2009 Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act and regulations from the U.S. Department of Housing and Urban Development (HUD).

According to these sources, the Continuum of Care (CoC) is the group composed of representatives of relevant organizations that plan for and provide a system of homeless

outreach, engagement, and assessment; emergency shelter; rapid re-housing; transitional housing; permanent housing; and prevention strategies.

One of the primary functions of the Council is to serve as the decision-making body for the Iowa Balance of State CoC. This CoC covers most of the state, with the exception of Polk County, Pottawattamie County, and Woodbury County, which have their own independent CoCs.

HUD typically holds a competition annually for funds through the federal Continuum of Care Program. The Council oversees the local selection process to determine which programs in the Iowa Balance of State CoC may apply for funds through this competition.

Information about the Iowa Balance of State Continuum of Care and the annual competition is available here:
